

Parents can sign up as an observer in Canvas. Observers can link their Canvas account to their student's account so they can see assignment due dates, announcements, and other course content. Observers can view the course content but cannot participate in the course.

This guide is for parents who do not have a Canvas account and want to observe their students in their courses. You must open this link using Chrome.

1. Open Canvas URL

In a browser window, enter the institution's Canvas registration URL (cms.instructure.com/login/canvas).

2. Click on Parent of a Canvas User?
